RECOMMENDED GUARANTEE

(1) **TERMS:** The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction.

(2) **LIABILITY:** Although every possible precaution will be exercised to protect the safety and comfort of guests of the show and sale, neither this Association, nor its representatives, nor the auctioneers or clerks, can assume any liability for accidents.

(3) **A -** Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

B - All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of the date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

C - With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale shall be promptly reported to the seller.

D - When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial of a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price without interest to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

E - All animals catalogued have been tested to T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

F - Certificates of Registry and Transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred animals showing names and record numbers of sire and dam, as well as service date.

G - Shipment will be made as soon as released, but at the purchaser's risk of loss or injury after animal is bid off.

H - All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.

(4) **SHIPPING ARRANGEMENTS:** It is the obligation of the consignors and this association to see that all cattle are properly loaded on cars or trucks as directed by the buyers for shipment. After staging their annual fall sale in November for several years, the Indiana Shorthorn Association moved their sale to September 18 and it will be held in the new facilities at the Hancock County Fairground, Greenfield, Ind.

The offering will contain something for everyone this year. They have been assembled from a wide area, not only are consignors from Indiana, but from Illinois, Michigan, and Ohio as well. There will be cows with calves, some old enough to sell off, bred heifers, many of them will have been shown by sale date and made a good account of themselves, as will the open heifers. The bulls will consist of show bulls as well as some big, rugged stock bulls ready to go to work.

As to the bloodlines being offered, they will spice up the herd books of most any herd. In addition to the usual horned cattle, there are some cattle of polled breeding entered also and several females carry the service of polled bulls.

Looking at the broad perspective, you can see there will be something for everyone. Don't forget also that there will be 1971 calves offered, both steer and heifers, and a supplement of these calves will be available sale day for anyone looking for some good 4-H or FFA projects.

Plan to be with us Saturday, September 18. The night before the sale, for those that find they cannot attend and wish to make purchases, I will be at the Howard Hughes Motel, Greenfield on Friday night. Give me a call and I will be happy to assist you.

Sincerely,

A large, stylized handwritten signature of Joe Gossard in dark ink.

Rosewood 65' 2699973
Red, Countryman Stock Farm

Waukaru Rosewood Clipper - Only because we think it takes extremely good individuals to make a good sale are we consigning this female. She is trim, muscular, up in the air and very correct. She is calfhood vaccinated and had a 205 day weight of 469. Her mother is a long-bodied cow of the right kind. She will-sell bred to Thomas Durham 84B. She comes from the same cow family as our 1970 All-American Female. At the time this catalog went to press, this heifer was Champion at the Boone County District Gold Medal Show.
